brought me two of the greatest years to my life. With out
you I would probably been A stomer alcoholic, and I'm Thankful
That you changed my way. We have had many, many great
Times Together. and I can't see how you let some of the
Bad ruin us. You are serious this time and I know it. I know
your Thru with me or you wouldn't have given back my
ring. I should say your ring. I didn't buy it for me I bought
it for you. I still luv you very very very much you really
don't know how I feel, you may think you do but you don't. I'm
very depressed over your decision and I wish you wouldn't
have made but I can't change your mind now. I hope you have
Fond memories of me like I have of you. And I have alot
you were A great girlfriend and I'm not giving up hope. ~~that~~
I'm still hoping we will get back together that is why I'm not
giving you your stuff. But if you want it just Ask. I will
give it back. I really do hope you can be happy now
and maybe your stomach can get better. You better work
hard in softball cause you will go places, and it is A great
way for you to get an education. You can go anywhere. if
you want. Remember how important an education is, if you want to
be rich your going to need A good job. I'm sure you will make the
right decision. you have A good head on your sholder. Just use it. Cris you
don't know how proud you have made me over the years. You are
Awesome you really are. I'm losing A great girl and hope you will

"Wrapped Up In Spirit"

Everyone here at Kennedy High is wrapped up in the estatic pursuit of SPIRIT. From the cheerleaders who enliven the crowd to the DJ's that "broke it out" at the dances. Sometimes you have to rack your brain to figure out what is going through the minds of these zany people, we call Irish, but by the expressions on their smiling faces, it must be something wild and crazy!

Jinkies guys, we scored again! Julie Nowlin wildly reports.

T.M.C. — "Truly Mr. Cool"

Jeff Howe demonstrates what lunch can do to you at Kennedy High.

"Ready for the big game tonight, Millie? Sure am, Dawn."

"We're stoked, 'cause the IRISH are no. 1" Lisa, Wendy, and Chris proudly shout.

Dana Stefani and Theresa Boatwright show their "oodles of spunk" after an Irish Pep Assembly.

Mr. Till insists that he's been shaving since he was two!

Veronica, Gina, and Jennifer may not study that much, but they sure have fun!

Senior class cheers at the assembly.

Casey Suzuki exclaims, "Is that you Alan Funt?"

This was Thu Nuygen and Heather Meadows reply when asked how the big test went.

During SPIRIT week, Casey Rayfield "thought" he was going to get to eat that pie.

"Well I do declare, Ms. Brenda, your IRISH eyes are smiling!"

Ronnie Reyes thinks very highly of his harem: Heather Meadows, Kathy Fenton, and Michelle Gonzalez.

"Look Mom, no more braces!" exclaims Doug Archibald.

Gina Moreno and Toby Wong give SPIRIT at J.F.K. a thumbs up.

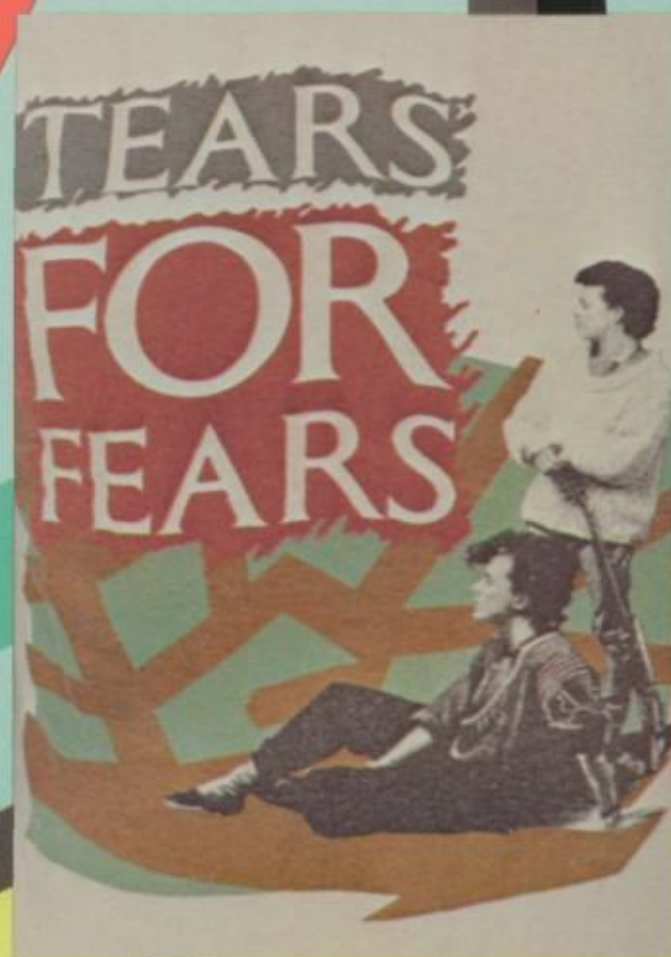

All Wrapped Up In Style

What is fashion? Is it clothing from a certain store? Is it a certain style? No, it's pride in appearance. Kennedy students have this certain quality. Look around Kennedy's campus; what you see is variety, style, pride and ... FASHION. The campus life glows with life as the bleached jeans, paisleys, Reeboks, Swatches, silk blouses and skirts, and of course the traditional Kennedy class rings come together to form what is known as the "dress to impress" image. We at Kennedy make our appearance first on the list of priorities. So to see what's happening in the fashion world, take a look at Kennedy, we've got it "all wrapped up in style."

Yeah we know we have the look

Is it time for class yet?

No one cries when it comes to Tears for Fears

There's no "Conflict" in our lives

Wrapped Up In Friends

Everyone we know needs friends thru the good times and the bad times. Friends are those special people who seem to know more about you than you yourself. These special people are with you when you're at your highest and lowest. They are there when you want to party all night or when you just want to bum around and do nothing. Best friends are the ones who decorated your locker with wrapping paper when it was your birthday and without you knowing it, that special buddy planned a big bash for your eighteenth birthday (and boy wasn't that a blast?!). But whatever you do your friend and you will be where it is at.

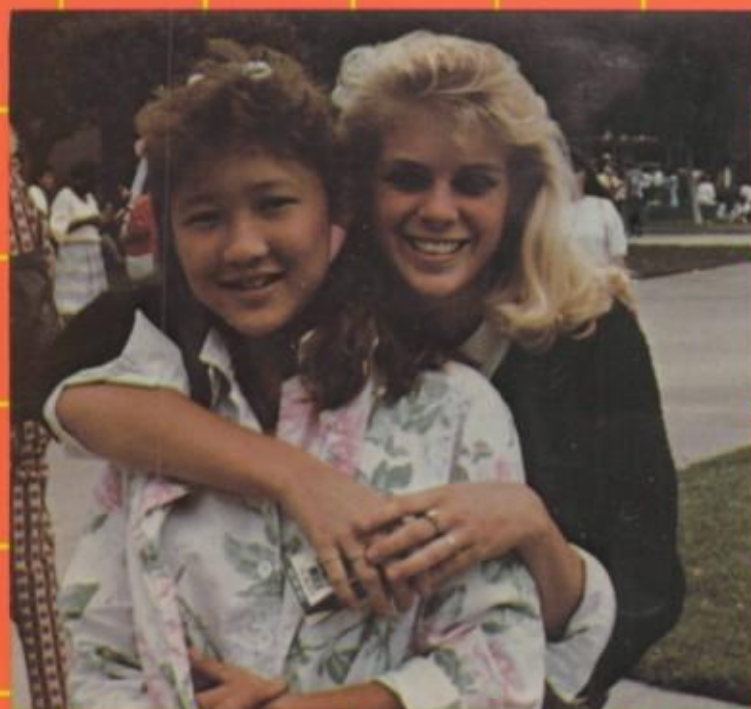

Who is it behind those Foster Grants?

Friendly embraces are shared by Jackie Varin and Shelly Savage.

Smiling underclassmen.

Huddling together for a quickie.

Donna Kelley, Lisa Garcia and Diane MacDonald show their friendship.

Putting their heads together.

Smiles from Lisa Locicero and Keri Robinson.

Moe, Larry and Curly?

Even lunchtime is a performance for the Drill Team and Joey.

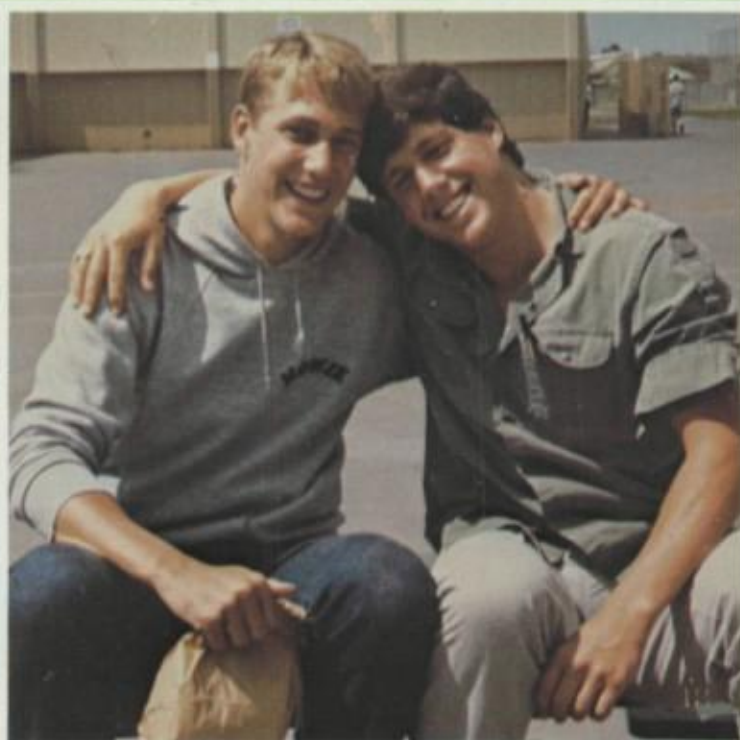

The Hug-a-Bunch.

Wrapped Up In Smiles

As you roam from place to place on the Kennedy campus, or at many of the other school functions such as football games, dances, and other events, you will often see these faces. Here at Kennedy we are a proud group, one that just loves to show our smiling faces!

1. Ken Scott and Debra Benson together forever! 2. Angel Kimberling. 3. Lori Hunt takes time out of her lunch break to flash us a smile. 4. Sheri Askov and Tara Zehner share their smiles with us at an assembly. 5. Brad Freedman shows his spirit. 6. Shawnee O'Dell on the way to class. 7. Taty Wong. 8. Dave Berbeck. 9. Heather Meadows and Julie Nowlin. 10. Ed Kreitz, Teresa Strong, and Mr. Montalbano from Kennedy's newspaper The Shamrock. 11. Christie Marquez and Donna Kelly. 12. Jeff Howe and Joey O'Brian. 13. Chris Clammer and Dawn Meyer on sports day. 14. Rick Remney. 15. Shelley Molendyke and Kelly Walsh. 16. Kennedy's school mascot Deanna Daniels. 17. Casey Bayfield. 18. Gary Grommes and Ryland Madison on clubs day. 19. Alice Fraeche. 20. Stefanie Denney. 21. Robert Wilson. 22. Kristin Sondgaard. 23. Henry Gallart says "This one's for you." 24. Troy Gaylener and Sheri Askov. 25. Kristie Lind and Marc Parratz.

SPIRIT WEEK

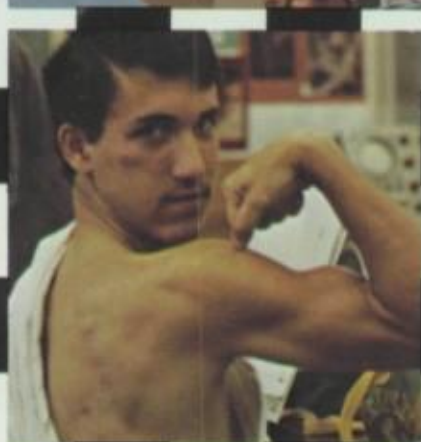

Spirit, Spirit, Spirit! What a spectacular year for the Irish to express their spirit! Spirit week was again an enormous hit for the students on campus to dress up and participate in competitions filled with fun and excitement. "American Spirit Day" was the first day of the week where students dressed in red, white, and blue attire showing their American pride. The following day, each class competed in such events as the "Tuesday Night Football Roll," and "Hot potato." With each class cheering for their representatives in each event, it clearly emphasized the great spirit of the Irish. Thursday was "Club and Organization Day" followed by the traditional "Green and Gold Day." Dressed in green and gold and sporting blue and orange socks, the Irish were determined to stomp out cross-town rivals, the Cypress Centurions, at the football game the following night.

"KNOWLEDGE IS POWER"

Seniors! Seniors! was the chant from the senior section at the first assembly. No one could stop the Spirit of '86; certainly not the underclass. The class of '86 had long awaited this moment, and it was finally a reality.

Alone with the pride, dedication, and spirit of a senior comes the greater responsibility. College testing, college applications, and the thought of going out on your own posed a new set of problems for this year's senior class. Determined to conquer these problems, the class of '86 started out the year.

With their motto, "Knowledge is Power," the seniors displayed their feelings toward education — "We have the answer to success." And who could give a better education than Kennedy High? This year's senior class was truly an elite group. Seniors, you have gained the knowledge, now use it.

Wrapped In Elegance

The 1985-86 Superstar Pep Squad had a Great Year! This has been a very busy year for Varsity Cheer, Song, and Yell Squads. Performing at every Assembly and Game, the Pep Squads thrilled the entire student body. The Songleaders, led by Kelly Walsh, danced their way into everyone's heart with a Rhythmic Beat. The

Cheerleaders directed by Kathy Fenton cheered on the school at games and Assemblies. Mike Pitts took charge of the Yell Squad, which Flipped and Flopped all over school, and making history by having the first Freshman on a Varsity Squad! Overall it was a Fantastic Year ...

That's Spirit!

The 1985-1986 Kennedy Band was a great success again this year. To start off the year, the band won third place in the Silverado Days Parade and triumphantly placed first in the Western Field Tournament on October 23rd. Led by the drum major, Gary Gomez, the band performed at all football games and school assemblies. Whether it be rainy or hot, the band was willing to put fourth its best effort and enforce the Kennedy tradition. Filling the stands with great spirit makes up much of the pride that Kennedy exhibits! "That's Spirit."

Wrapped Up In Rhythm

With rhythm and zip and style and class, the Colorguard troupe for J.F.K. showed real Irish pride during their various performances this past year. Clicks and claps and starts and stops, no attention was paid to competition, since there was none. After all, the J.F.K. Colorguard troupe was in a class by itself. With no bounds or ends to their limitless spirit, they were endlessly energetic wherever they went. The Colorguard carried on the fighting Irish tradition of showing off their best, no matter when, where, how, or for what. When the whistle sounded and the music started, that's when the Colorguard came alive. Twirls and swirls of rifles and flags. Green and gold are all unique and new. The group was led by: Craig Root (flag advisor), Dale Stephens (rifle advisor), and responsible student leaders. These people worked together with the rest of the squad to attain perfection in their every movement; in their unique moves, military sharpness, and absolute precision.

CAPTIVATING COLLEENS

The 1985-86 Colleen Drill Team has practiced, marched, danced and smiled their way to another great and very successful year under the superior direction of Danelle Till. The Drill Team succeeded in winning numerous awards including 1st and 2nd place and sweepstakes awards in all major band competitions. The Drill Team was also very proud to compete in the very competitive Miss Drill Team USA. The Drill Team has been seen many times performing with great Irish Spirit at our football games, pep assemblies, and our annual spring show. Kennedy's Drill Team was led to success by: Jennifer Smith — Head Leader, assistants Veronica Tippins and Kim Burtch and recalls Wendy Johnson and Kristi Lind.

These tantalizing "original five" are the seasoned veterans whose 4 years of experience and dedication made our Drill Team the best.

ASB Activities

The J.F.K. Student Council 1985-1986 was an excellent one. Led by A.S.B. President David Christensen, they have taken part in, and organized various school activities. This years Student Council has a great nucleus with seasoned veterans and a good blend of eager newcomers. They try to promote total student involvement. During the summer they attended a leadership conference at UCSB, this conference was filled with many new ideas to improve our school. Council has had a lot of responsibility, such as, planning assemblies, dances, Spirit and Irish week. Two of their major projects this year were Homecoming, which was a great success and the Winter Formal, held at the Registry Hotel. Other activities in which A.S.B. took part in was a United Way fund raiser and a Teacher Appreciation Day. They also had the honor of hosting a group of Japanese educators. From the first day of school to the far last, the Student Council has accepted responsibility of making this a fun-filled school.

All Wrapped Up In Perfection

This year's Performing Dance Team has been an extremely entertaining and talented group. Sore muscles and bruised knees were the price many students paid for being a part of Kennedy's Dance Team, but with time and dedication to practice, their performances have proven to be very successful. This year they performed in many assemblies and at special events such as, The Christmas Show, Spring Show, and competitions.

A lot of hard work should be contributed to advisor Ms. McBride, President Gina Coppage, Vice President Michelle Gonzalez, Sec./Treas. Jennifer Jacobs, and Leaders; Leigh Wallin, Christie Marquez, Cathy Griffiths, and Lisa Sakoda.

A winter chill swept through Handel Stadium on November 9 as the crowd anxiously awaited the special moment. Cheers and screams filled the air as the Homecoming finalists rode by on a British carriage chauffeured by two coachmen. When the carriage stopped, the finalists were helped out and met by their escorts. All of them stepped on to the platform with such confidence and grace, not believing the crowd was actually clapping and cheering for them. Suddenly a silence overtook the crowd and tension could be felt. Finally, the announcer announced what everybody wanted to know, Amy Mays as the 1985 Homecoming Queen. Once again, the crowd burst out with happiness as Amy Mays stepped forward to be crowned by last year's returning alumni, Alan Azevedo. Screams of congratulations could be heard and balloons of gold and white flew into the air to celebrate the occasion.

The Queen's court included Senior Princesses Tracie Bradshaw and Felicia Keith, Junior Princess Julie Nowlin, Sophomore Princess Rachel Pacheco, and Freshman Princess Rachelle Polston.

The moment of excitement was finally over. The scene was just like a fairy tale, so very perfect and sure, with only one star up in the sky to wish upon.

"Cherish the Moment" is a night that everyone will remember. The evening was filled with elegant dining, limousines, and formal wear. The dance was planned months in advance with careful preparations made by A.S.B. After arriving at the elegant Registry Hotel, many of the couples started off by taking a picture by the ocean view scenery. Those who were there remember the half an hour wait. After pictures, the couples swiftly made their way to the dance floor and danced to the sounds of Rembrant. Then the big moment finally arrived, and the most preferred men were announced by Amy Mays. After the handsome men were congratulated by Amy, the men and their dates lead the next dance.

Groovy Ghoulies

A thrilling October 31st arrived at last as Kennedy creatures came out to haunt. Hoping to cast ghoulish shadows of spirit into the unknown corners of the campus, they came in all shapes, size, colors and textures. Some were cute and harmless while others looked like they had just barely escaped from the Ghostbusters nutrona ray guns. All in all, the Haunted day transformed itself into one that would never be forgotten. It was a Thriller.

They help JV cheer with their spirit. They are Irish allright. The two girls participate in all the games and activities put on at Kennedy.

Sophomore Enthusiasm

Enthusiasm is the key in cheerleading. Just ask the sophomores, they'll tell you. And they're right. The sophomores at the games did their best to show their Irish pride and personality. During the games, green and gold flashed along the sidelines adding an extra touch of life to players and spectators alike.

Their pride showed not only at the games but on campus also. Anyone could see their school spirit as they walked the campus showing off their uniforms and spreading the Irish spirit. The enthusiasm of these girls will always be remembered as one of the best parts of the year.

Proud Freshmen

The Freshman Cheer Squad: Julia Sanders, Kim Smisson, Shannon Hendrick, Lisa Haxton, Kendra Collie, Rissa Reyes.

"We're the Irish, couldn't be prouder..." The freshmen cheer squad chanted these words with pride throughout the year. These first year rookies displayed the talent of seasoned veterans as they cheered their teams to victory. They know how to show spirit with that Irish smile. And as for their style, it is all their own. Some say they will be the best varsity squad yet, if they stick with it. By the looks of it, they just might.

Their enthusiasm goes far beyond that of the typical freshman. With that, they have a right to be proud. We're proud of you. Good job!

SENIOR SKATE NITE

On the eve of Senior Assembly Thursday, January 24, 1986, the Seniors invaded the Camelot Recreational Center. The night was filled with excitement and laughter. Many spirited Seniors enjoyed the facilities such as the skating rink, bumper boats, and go-carts. This night will never be forgotten by the Class of '86.

David Christensen

As a second semester freshman coming to the very large school, John F. Kennedy High School, I remember being so excited and so scared. My first year I wasn't into much in the way of activities because I didn't know anyone. Beginning my sophomore year I really began to learn what Kennedy was all about. I was involved in the house meetings, ring committee and worked on many committees in student council. As a Junior I was I.O.C. President and was in charge of all clubs on campus. I served on the Junior Prom committee and was chairman of the blood drive. At this point and time of my life, I began to realize how much I cared for the school. It had become my life. As a Junior I was asked to serve on the accreditation committee and several other committees that the new Principal had organized. For the first time in my life, I began to realize what it meant to give of myself for and beyond the call of duty. As ASB President I became scared of the awesome responsibility that was before me. I plan on making my senior year the best of my life. The experience's I have had in the community, the church, and now Kennedy has made me what I am today. I am grateful for the opportunities that I have had, and plan on using those experience's to make this world a better place to live.

Gary Gomez

Fear. Anyone who has ever attempted the process of "growing up" truly knows the meaning of the word. My first trip through a locker hall as a freshman made me well-aware of the fact that I was "growing up." As I look towards that dark hallway called "graduation," I find myself more frightened than ever.

As a freshman, I traveled to Ireland as a new member of the Shamrock Regiment. During my sophomore year I became the secretary of O.C.E., a campus service club that requires a 3.5 G.P.A. for membership. As a junior I became band vice-president, and I was again elected as secretary of O.C.E. In my last year, I became president of O.C.E. and was also honored to be selected as the drum major of our marching band. Though I've been busy these last four years, I have still maintained a 3.68 GPA in an honors curriculum.

Now it's all over. I'm leaving Kennedy. I realize that I have to grow up all over again. Thank you Kennedy, for all that you have given me.

Ryland Madison

In the past four years at Kennedy, I have shared a lot of memorable moments with the proud students of this school. While at Kennedy, I have been active in such clubs as; C.S.F., O.C.E., the PTSA, and Key Club in which I held the office of Treasurer. During my senior year, I held the position of School Board Representative Chairman. I have also been heavily involved in community affairs with such organizations as the Kiwanas Club. While taking advanced placement courses all four years, I received the PTSA Undergraduate Award for both English and Analytical Geometry and Function. During this time, I have maintained a 4.04 cumulative grade point average. My interests in computers and robotics have led me to being a Certified Computer Repair Technician. Through my accomplishments in robotics, I received a letter of recognition from State Senator John Seymore, congratulating me on my achievements. But I owe it all to my teachers and friends, but most of all to my uncle.

Daniel Nichols

My four years here at Kennedy High School have proved to be very valuable to my growth as a person and leader, both socially and emotionally. I started out as a Freshman by taking a big step and joining the cross-country team and eventually, I earned a Varsity letter that year and also the following three years. In my Senior year, I was voted as most valuable on the team.

Because of my parents inner desire for me to become involved, I ran for a Freshman class office and was elected as Treasurer. When I was a Sophomore, I was Class Representative, and as a Junior, I was A.S.B. Publicity Commissioner. As a Senior, I was elected as Class Vice-President and headed Homecoming as Co-chairman.

As I look back at all of my ventures at John F. Kennedy High School, I feel so very fortunate that I have had the chance to participate in the variety of activities at Kennedy, which makes it such a special school to me.

Andrew Ujiie

Reminiscing about my past four years at Kennedy, I have come to realize that all the fond memories and valuable experiences that I have attained, have helped me to become the person I am today. I can remember attending my first Pep Assembly as a Freshman. At that moment, I thought to myself, "I must become a part of this great school!"

Because law and politics have always fascinated me, I wanted to get involved in student government. It was an honor to be elected Freshman Class Vice-President, Sophomore Class Treasurer, A.S.B. Buildings and Grounds Commissioner in my Junior year, and currently A.S.B. Vice-President.

Now my four years are rapidly coming to a close. I strongly believe that having the opportunity to work with people of JFK has really contributed in the wonderful times that I have had here. To all of you, especially the Luther Lions bunch, my sincere thanks!

Miss Irish

John F. Kennedy High School means more to me than just academics. For the past three years, I have not only received a fine education, but I have had the opportunity to participate in extra-curricular activities and community services. Although study habits are most stressed, leadership and compatibility are other qualities that have been taught to me and many others. Learning and participating in many activities at Kennedy has enabled me to become a better person.

Being selected to the John F. Kennedy Student Council in the ninth grade began my participation and interest in extra-curricular activities and school and community services. I have obtained many leadership qualities and have learned how to better serve my school and community as a result of a four year membership in Student Council and memberships in clubs such as CSF and the Key Club.

Since Kennedy High has opened so many doors to a successful future for me, I feel that I am ready to attend college and pursue my career. I am very thankful to have been given so many opportunities at Kennedy, and I hope that achieving my goals will serve as a "thank-you" to my high school.

Gina Moreno

Kathleen Berdis

Education has been very important to me. I have maintained a high GPA of 3.87, while taking honors classes in various subjects such as English, history, chemistry, biology, government, and much more.

I have played on the school softball team since my Freshman year. I have played on Varsity for the past three years.

Over the past few years at JFK I have been awarded several honors. A very special accomplishment was winning the 4A CIF title. This year I have been nominated and selected to be the Student of the Month for December.

I am glad I have spent my last four years of high school at JFK. This is because John F. Kennedy High School has left me with many special memories, friendships, especially with teachers, and a definite start to my life ahead. Good luck, 1989!

Monica Casey

Reflecting on my years at Kennedy, I realize that I have received two kinds of education. My family has greatly contributed to my learning about myself and relationships with others. Teachers and administrators have taught me to strive for perfection in attaining my goals. Kennedy introduced me to extra-curricular activities, as well as high academic goals. Although I was involved in Varsity Volleyball, Varsity Track, CSF, Class House, and Student Council as CASC Rep., I maintained a GPA of 3.75 and was in the top 10% of my class because of their care. From this involvement I have gained leadership skills that enabled me to volunteer at special youth groups. Being involved gave me many special friends and memories that I will cherish forever.

Jennifer Gloe

My years at Kennedy H.S. have enriched my life greatly. These past four years have brought many new experiences and many close friendships. The faculty and administrators have shown me the importance of a solid education. As well as academics, I have spent much time being involved in extra-curricular activities. Drill Team has taught me responsibility, self-discipline, and how to work with others. Student Council has given me opportunities to get involved with my class and the student body. Thank you to all my friends and family for encouraging me to be the person I am. I would like to wish my Senior class all the luck in the world to achieve their goals and dreams.

Jennifer Smith

Looking back through the kaliedescope of memories from the last four years at JFK, the experiences have come and gone quickly, but the friendships and understandings that I have gained will be life-lasting. Immediately in my Freshman year, I was selected as a member of the Colleen Drill Team. Traveling to Ireland and representing my school was the greatest experience throughout all my high school years.

My Senior year has been the grand finale. Starting off the year, I was selected as the Head Drill Team Leader, a Senior Leader of Performing Dance and Assistant Choreographer in West Side Story, which gave me many responsibilities. These years wouldn't have meant as much to me without the support of family and friends. God bless you all. Good luck Class of '86!

The Struggle

The 1985 fighting Irish were a representation of what being a team is all about. While competing in a league dominated with teams of superior size, speed, and talent, the Irish were at a great disadvantage. Not blessed with the talent or abilities of their opponents the team pulled together and demonstrated the biggest hearts in the league. As individuals they committed themselves toward giving their all for the team. As a team, they came together and pledged a maximum effort. This was demonstrated each week as the Irish earned a reputation as an aggressive hard working team.

The 1985 IRISH Junior Varsity Football team finished the year with a record of 4-6. This years team consisted of primarily sophomores with a few juniors and seniors sprinkled in.

The team started fast with wins over Orangeview and Western before stumbling to Fullerton, El Dorado, and Cypress in close, hard hitting games. The team rebounded to rout Katella and Los Alamitos before injuries and lack of numbers took their toll. This years team showed an intense desire to win and the IRISH pride of not giving up. With an off season of weight lifting and fundamentals, the future looks very bright.

After a slow start, the Freshmen Football team finished 5 wins and 2 losses in league and tied for second place in the rugged empire conference.

The highlight of the season was the showdown with a powerful Esperanza Squad. This was a must win for the Frosh. Unable to move the ball on the ground against the larger Aztecs. The IRISH unleashed "AIR KENNEDY" and crushed them 27-6.

Outstanding players were Dan Coburn, James Martinez, Jin Han, Steve Rath, Pete Montero, Ray Townsend, and captains: Brian Hammond and Greg Hansell.

The team was lead by coaches Farr, Plunkett, and Samples.

Strive For Five

Darrin Queen Reaches for the ball for a rebound.

Danny Curry leaps for two more points.

Danny Davidson jumps up for a pass.

"Strive for Five" was the motto of this year's 1985-86 Boys Varsity Basketball team. Under the experienced coaching of John Mayberry, the Irish looked forward to its fifth trip to CIF, and a chance at defending their Empire League Title. Frustrations, close games, hard work, and victories comprised the tone of their league competition. Co-captains Darrin Queen and Danny Curry and returning letterman Glen Mares led the team in both offensive and defensive play. They were helped by first year varsity players Wendell Lauderdale, Danny Davidson, Jeff Howe and Jeff Hansell. Sophomore Michael Keith set a school record for most defensive rebounds in one game. Robert Harding, Dave Esparza, Kyle Bernard, and Steve Kim were the defensive stoppers. After a disappointing start, the Irish rebounded to four games in a row. Practicing hard they attained their goal of a team shooting average of over 50%. Outrebounding nearly every opponent, the Irish were tough competition in every game. Coach Mayberry utilized all of these skilled and talented players and pushed the Irish to their utmost playing abilities.

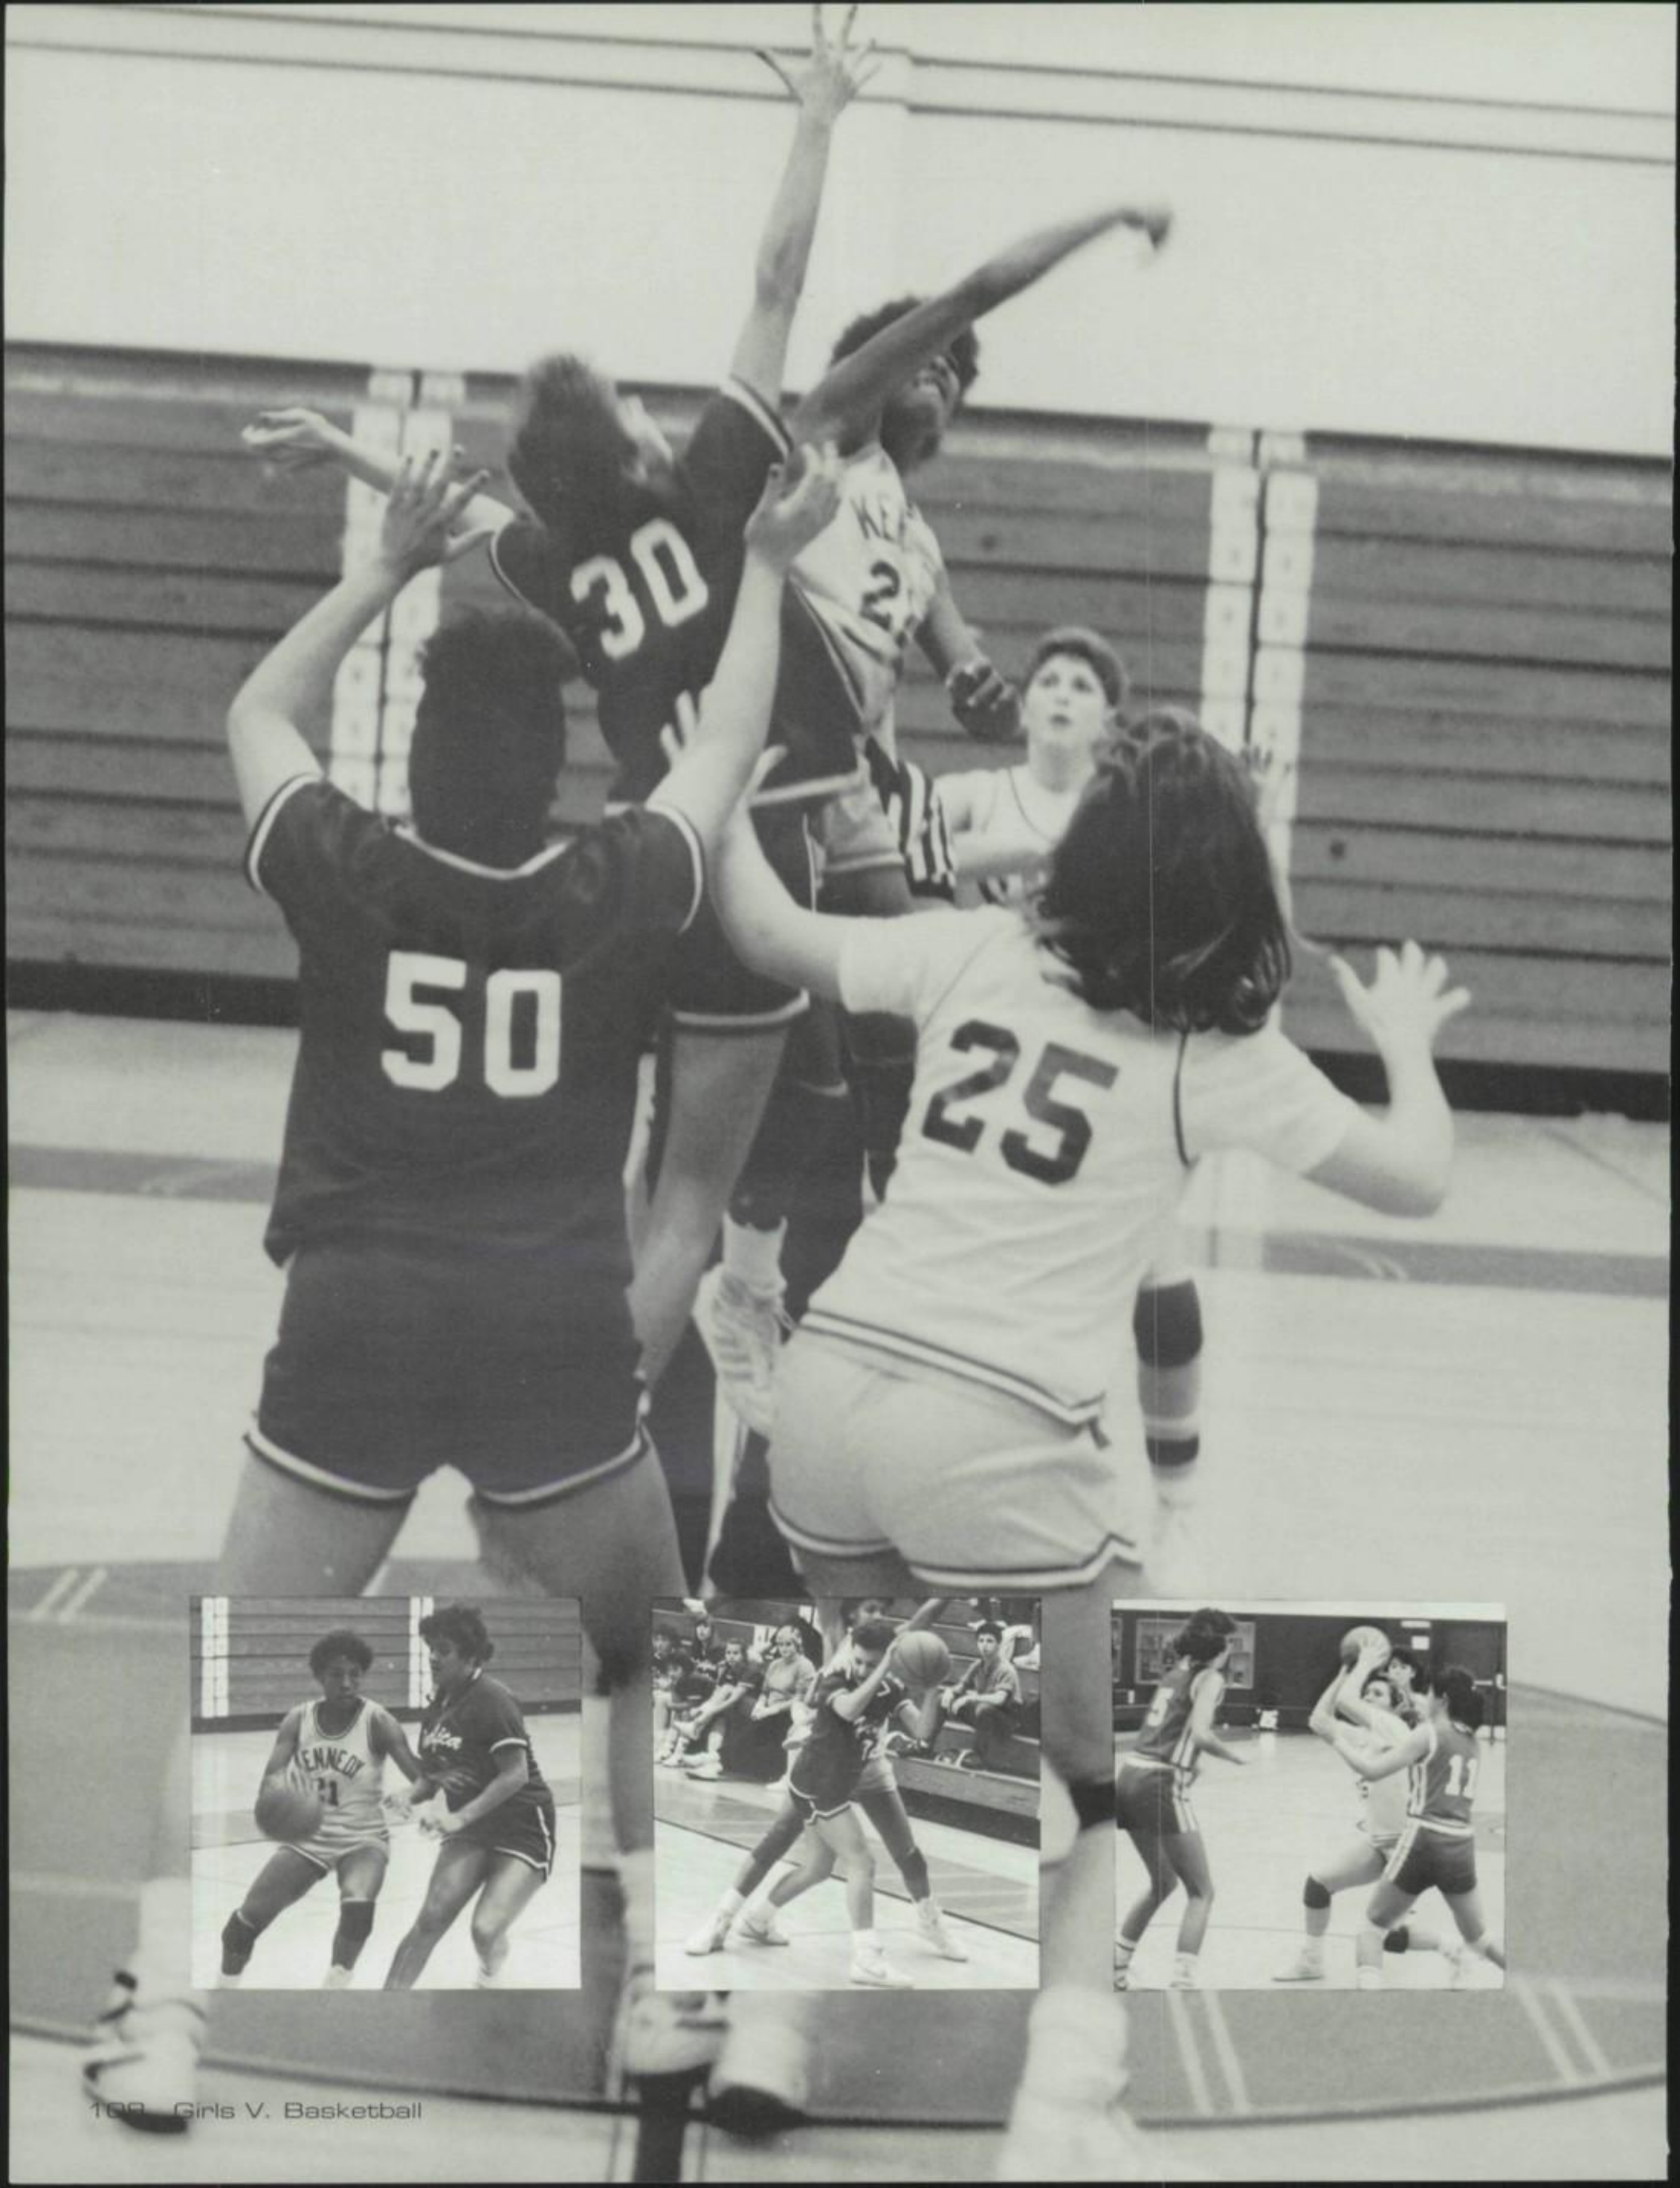

Coach Mayberry takes a time out for a pep talk.

"Firm Believers"

1985-86 Girls Varsity Basketball Team

With last year's first record of reaching CIF, the 1986 Girls Varsity Basketball team started off with hopes for achieving to the tops. Deena Masumiya, Ursula Lovely, Dena Davidson, Nora Masuo, Kim Tawa, and Ronlyn AhNee were the returning lettermen who expressed multiplicity of talent and potential in the courts. With firm beliefs of going all the way, the Irish girls strived by trying and never, ever giving up. The Irish's huge success in their aggressive defense is due to Coach Carter, who started her first year this season at Kennedy. Coach Carter is certainly the reason for the success of these girls' potential and skill. Their minds were set to achieve for no less than the tops, and captains Ursula Lovely and Dena Davidson made sure that they do it with pride. As returning letter Deena Masumiya says, "We are firm believers and we'll never give up until we win." This statement definitely says it all.

This years Boys J.V. Basketball Team had a very successful season in the beginning. This year the J.V. players were under the new direction of Coach Mike Johnson. He showed the team determination to win, not to mention long and tough hours of practice. Their dedication and improvement of skills will prepare them for the move up to the Varsity team next year.

The Girls J.V. Basketball Team was as enthusiastic as ever. Under the new direction of Coach Dave Martz, the young team played well and practiced many hard hours. The key word among these girls was dedication. The future looks very promising for this team of girls.

TO THE HOOP

A Moment of Despair

The '85-'86 Sophomore Basketball Team finished with a 10-12 season. They were able to win four of their last six games, including a win over the league champions. These young men overcame a season of great adversity in order to finish the season as one of the toughest in the Empire League.

Never Giving Up

This year's Varsity Volleyball team ended up with a 3-11 record in the league. Their hard work, determination and talent paid off when they achieved a fifth place standing in the league. The following students earned awards: Ree Rabune, Most Inspirational; Ree Rabune, All Empire League; Kathy Conner, M.V.P.; and Yelena Vucurevic, Most Improved.

Coach Burns expressed — "A promising season was stalled before it could get started as two three year starters (Casey and Rabune) went down with injuries before league play began. The Varsity did manage to capture a third place spot in the twenty team Artesia Tournament before league play started. The young women displayed a willingness to work hard and never give up, even though the odds were against them. Next year promises to be better as four juniors, who are now battle-tested, return."

Team members of the 1985-1986 Varsity Girl's Volleyball sure know how to give it their all — The team consisted of: (from bottom to top, l-r) Monica Casey, Ree Rabune, Yelena Vucurevic, Dena Davidson, Susan Pitt, Karen Connor, and Briana Dawson. Not pictured is Kathy Connor. Margie Watchman played on both the J.V. and Varsity Volleyball team.

The Junior Varsity Volleyball team played with determination and lasting endurance, completed the season with a 10-8 win loss record. The success of the team should be commended to Coach Rabune who spent and dedicated hours of work to team practice and towards helping individual players. Awards were given to Denise Dawson — Captain, Stephanie Sacco — M.V.P., Carolyn Brown — Most Inspirational and Jenny Stoehr — Most Improved. The following statement was given by Coach Rabune. "(It) was a positive season with everyone improving their skills. The girls had a winning attitude and worked together as a team — they had Irish pride to the max!!!"

The 1985-'86 Soph/Fresh Volleyball team; (l-r) Bottom — D. Tipton, S. Lopez, S. Niles, T. Bridges and M. Carillo; Second row — N. Backes, L. Barnes, M. Kato and Y. Lopez; Third row — K. Vucurevic, L. The Frosh/Soph girls Volleyball team did well for themselves this year. Their league record was 10-4. Counting their non-league games, the Irish ended up with a whopping 6-11 win loss record. The awards were given to; Sonja Niles — Captain, Vicki Thompson — Most Improved, and Kris Vucurevic — M.V.P.

The 1985-86 year saw a large improvement in the JFK Wrestling program. At press time, the Varsity team was 13-1 in dual meets. With tournament championships at the "Gahr-10 Way", "El Rancho" and "Gahr-6 Way" tournaments. The captains for this young team were Sophomore Baltazar Ortega and Junior Andy Reyes. Both demonstrated fine leadership and were instrumental in the teams success. Wrestling has a secret to success . . . it's answer is **H-A-R-D W-O-R-K!** The team ran 3-6 miles at 7:00 a.m., then practiced 2 hours in the afternoon on developing technique, speed, and ability. Many of the teams members wrestle in A.A.U. tournaments in the spring, then summer league. Goals — if one is good enough: A college scholarship — travel — possible olympic competition. Plus — "It's GREAT to be a wrestler!"

The two opponents, in the middle of a cock fight.

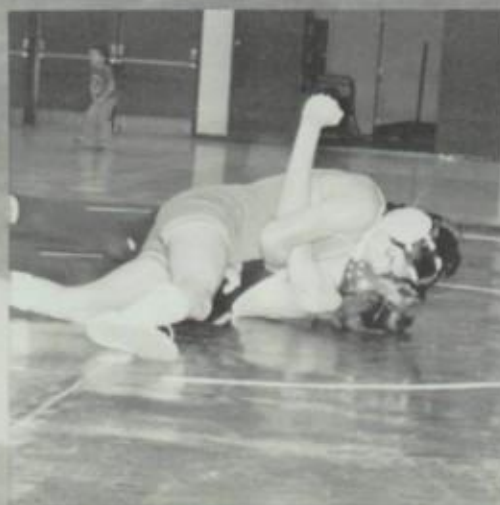

"Come on, come and get it!"

"No, you're not getting up."

The coaches give their pep talk before the match begins.

Tennis Anyone?

Michelle Tenney slams the ball in her opponents court.

With steady movement, Marni Matsumoto reaches to a smash.

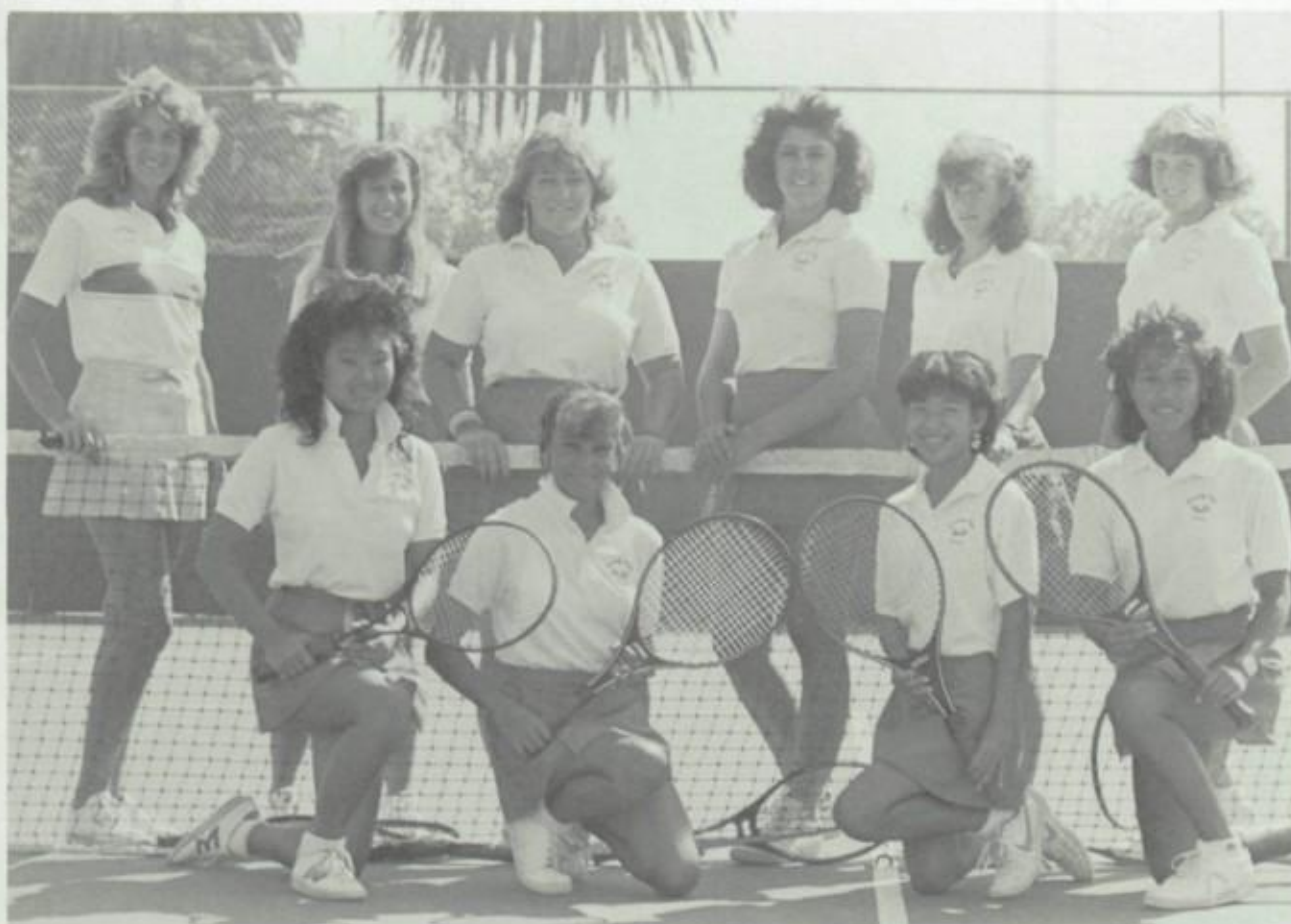

Kim Wellman uses her tennis skills to help win the game.

The serve is strong and the return is stronger. Captain Michelle Tenney speeds to the net and with fierce power, the ball smashes to the other end of the court, away from their opponent. Another successful play performed by the Kennedy High girls Varsity team.

With high expectations, in her second year of coaching Marilyn Schultz spearheaded the team, placing the Varsity girls team in an improving fourth place in the league. Although they lacked adequate equipment, the girls played long hours from two to four a day. With Michelle Tenney as lead player and Marni Matsumoto as second, the team approached their way to the top, until they faced an uncomparable obstacle — the Cypress Centurions. Instead of dwelling over the fact that they could not overcome this team, they practiced with devotion and bounded their way to a strong fourth place.

Coach Schultz credited many players who made a considerable difference to the sport of tennis.

The 1985 V. Tennis Team. L-R Top Row — Coach Marilyn Schultz, Kim Tenney, Michelle Nook, Kim Wellman, Michelle Tenney, Lora Cummins. Bottom Row — Sonia Lee, Lisa Troncoso, Marni Matsumoto, Christine Radovan.

All Aces!

This year's Boys Varsity Tennis Team succeeded with determination and effort. The team practiced hard and worked to their limit. There was competition, stress, and, of course, some fun. Although each person worked to improve his own skills, they were still a team out on the courts. They smashed, served, hit, and used their skills well. They put in many hours of practice and did their best in each game. Part of the credit goes to their coach, Coach Tenney, for helping the team on their skills and for her dedication of time. Each player had an encouraging attitude that backed them up to the top. Not only did they win for themselves, but for the entire team, which gave them an outcome of satisfaction.

The team achieved and received what they wanted, and led themselves to victory.

Lovin' It

With wholesome dedication Bill Berger, the advisor/coach of the 1984 Junior Varsity girls tennis team brought together a group of willing and devoted girls to play a fun and skilled sport of tennis. With hours and hours of practicing from each day to each week, the JV tennis team just as the Varsity team, placed a positive fourth in the league.

Most people were not aware of the effort and time it took the girls to become strong players. Lengthy hours of drills were spent on improving their game. With Sherry and Lisa Le, the team strived their to the tops. In spite of the odds against them, the team as a whole, made significant contributions to the league and although they didn't reach the highest rank, they came closer than others thought possible.

Top Row: Angela Inbody, Adrian Van Howe, Christine Erickson, Mary Gyde, Lisa Le, Debbie Daum, Judy Sedwick, Lisa La Deaux, Joanne Richie. Bottom Row: Rebecca Yu, Carolyn Cheng, Jackie Sussman, Julie Takaki, Angela Gilchrist, Dalene Burger, and Sherry Le.

Sheri Le swings her racket as Missy Gyde looks on.

Julie Takaki takes a big leap and pops the tennis ball over the net.

Debbie Daum waits for the ball to reach her racket.

Angela Gilchrist takes a leap for the ball.

As Lisa Le watches, Missy Gyde smacks the ball.

Boy's Varsity Soccer was kicked to the top this year. Along with a successful year, they set a league record by scoring 10 goals in one game against Buena Park High School. Thier team effort showed through in every game. Some of the credit goes to Coach Nieto, who spent a majority of his time coaching them and teaching them valuable soccer skills.

This year's Varsity Girl's Soccer Team fought their way into the C.I.F. Finals and made the Irish proud. Dribbling and kicking to the best of their ability, they ended up with a 2-1 record in the C.I.F. Finals, putting them in second place in C.I.F.

To recognize individual and team effort, many awards were given out. Among these awards were; M.V.P. Offense — Kristy DeMont, Defense — Julie Zevenberger, and Most Improved went to the team's only Freshman, Christine Erickson. Kristy DeMont along with Julie Zevenbergen made the all league teams.

It's A Goal!

Oh What A Feeling.

The J.V. soccer team definitely had some talent this year. Coached by Mr. Ward, the team practiced five days a week, three hours a day. The Frosh/Soph team also did very well. These players had soccer on their mind seven days a week, twenty-four hours a day. The games were usually on Tuesdays and Thursdays, starting at about 3:00. The boys did well considering all the problems and newcomers. They did the best they could to come out on top.

This Ones Mine.

Go for the Goal

Girls J.V. Soccer

This year's Soccer team got off to a good start, with Mrs. Rabune as coach and the rest of the team they played awesome! The most valuable player was Issy Gyde, she was also named most valuable offensive player. The most improved player was Claudia Lopez, and the most valuable defensive player was Nicole Backes. With the help of these valuable players and the rest of the team, the Girl's J.V. Soccer team were a hit on the field!

The 1985-86 varsity water polo team did a great job this year. They showed tremendous effort in their daily practice and at their meets. The C.I.F. was just a step away for them. The varsity water polo team certainly has the stamina and pride it takes to make a winner. The freshmen water polo team also displayed spectacular spirit this year. The 1985-86 freshmen water polo fought bravely for League Championship.

Not Intoxicated, Just Chlorinated

It takes true guts to step into the freezing cool pool at Kennedy High. Yet time after time the J/V and Varsity Boys swim teams went through it all. Coached under Susan Hurley and Mark Till all the cold dips paid off. With a small amount of returning lettermen, M. McMahon, A. Oh, B. Freedman, T. Anderson, the boys team had a lot to congratulate themselves about. The Boys JV team was all new, but had many exciting things to say. Hopefully all will return and the teams will be better than ever.

After a spectacular 1984-1985 swim season, the girls JV and Varsity teams prepared for just as a successful year. Coaches Susan Hurley and Mark Till guided the girls through all the trials and triumphs the year brought. With all the experience and quickness of returning lettermen, Kristina Edmond, Kristine Teramoto, Marina Bennett, Tracey Benda, Kristen Hurley, Elsa Teramoto, Susan Pitts, Julie Martian, Kristy McKellips, and help of newcomers, Karen Connors, Jennifer Lossner, and Lisa Engels, the girls finished second in the Empire League. Also with all the newcomers and the J/V team the girls will have a lot of experience for next year.

A Step Ahead!

Kennedy Cross-Country

Taking off like a rocket to the moon, the Boys Cross-Country team ran its way to a level of competition far exceeding that of its predecessors. The team was led by Seniors, Danny Nichols, Jeff Walsh and David Negrón. Never knowing the meaning of the word "exhaustion", the team could be seen practicing long after the last class of the day, running around the grand city of La Palma.

Similar to the goal of the Cross-Country Team, the Boys Track Team went through the season with one thing in mind, to win! With such superstars as Senior sprinter Steven Astle and multi-talented athlete, Darrin Queen providing the emotional support for the team, this year's track team ran its way to victory.

Danny Nichols strives for victory.

Running Like The Wind!

Knowing and understanding the stiff competition that lurked in the annals of the mighty Empire League, the female portion of the track and cross-country teams dived into their perspective seasons head first, mixing it up with Orange County's best! Ursula Lovely showed the high-flying track society who was boss, turning in fine performances at the high jump bar while, Rachael Desilva of cross-country fame, ran like the wind, leaving everyone who watched her in awe! But, in typical Kennedy fashion, everyone in both cross-country and track pitched in to form the ultimate running (and jumping) team, giving every opponent they faced a run for the money.

Kennedy cross-country makes their move to the finish.

Swinging for the Fences

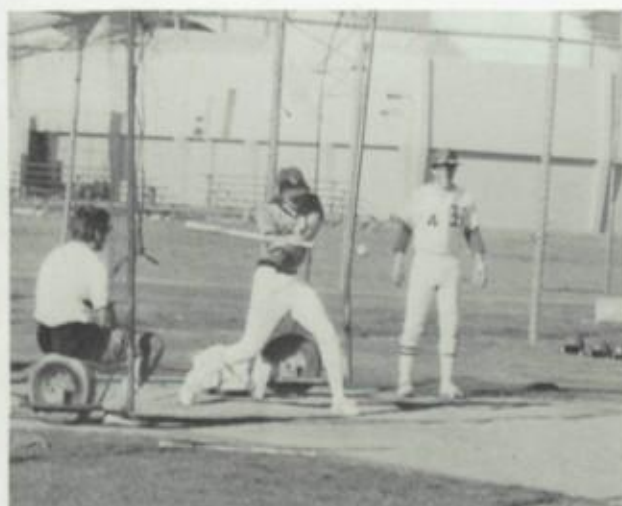

The 1986 Fighting Irish Baseball Team will take on a whole new look in '86 in an effort to return to championship play.

First year head coach C. Pascal and assistant M. Olson will strive to teach fundamentals as well as knowledge of the game as the Irish prepare to compete in Southern Californias' toughest league.

Paced by returners Glenn Mares, Joey O'Brien, and Todd Bristow, they will be joined by Mark Roah, John Christensen, John May, and freshman Steve Rath as the Irish try to turn things around in the spring of 1986.

Hit By the Pitch

The J.V. team this year is composed of many new faces. Returners Rich Garcia, Brian Bowerfind, Mike Dowd, Scott Pool, and Jason Smith anchor a team comprised of one freshman, Jeff Hansell, three young men who have not played for Kennedy before Brett Helper, Jack DeLaquil, Chuck Lindquist, and John Varga, and sophomores from last years Frosh/Soph team, Mike Correa, Jeff Murakami, Jeff Hulme, Bill Huse and Jack McConnell. The combination of youthful enthusiasm and "crusty" veterans seemed to work quite well a league play started with 2 wins over El Dorado and Katella and a loss against Cypress. The team should make a good showing with that promising start.

Under the experienced coaching of Pam Simmons, the comparatively young team of Varsity players quickly became conditioned. Their long hours of practice and hard work hope to bring the Irish yet another championship season.

This year CSF (California Scholastic Federation) members participated in a variety of community activities, fund raisers, and fun field trips. Members volunteered their services at the La Palma International Days Carnival, raised money by selling M & M's, and visited a college. KEY

One of Kennedy's most active clubs, Key Club offers its services to Kennedy and the surrounding community. Among the activities to which Key Club members have donated their time and services are the city's annual Halloween Carnival and Santas workshop, where members wrapped gifts and helped children write letters to Santa. Members also brought cheer to the elderly at local convalescent homes, raised money for the P.T.S.A. fund raiser and ushered holiday in music. For its outstanding contributions to the school and community in 1985-86, Key Club was awarded the title "Club of the Year".

Cultural Experience Club

Cultural Experience Club members spent their time bridging the gap among the various nationalities at JFK. Under Dr. Corkum's guidance, the new club helped foreign students feel more at home while exposing Kennedy students to other cultures. The club hoped to raise money for various charities, planned field trips and listened to guest speakers.

Asian

Of course you need not be Asian to join the Asian Club! This year, like any other, people of different cultural background joined the club. The main objective of the club was to bring students of Asian descent together to socialize with one another. Throughout the year they planned some fund raisers, such as participating in La Palma Central Park's Halloween Carnival, having a candy sale and having a refreshment stand at Christmas time. They even planned to have a luncheon for the teachers.

The club officers were John Takaki, President; Andy Ahn, Vice-President; Sheri Yamanishi, Secretary; and Kathy Inouye, Treasurer. With four capable officers and Ms. Ragusa (advisor) everything that was planned was done!

Some club members have their fun.

What is the Diati Club? Diati Club is an experience for those students who are planning a higher education. The club visited UCI, USC, and UCSB to complement their knowledge about these various college campuses. They were given a campus tour and then let loose to explore the campus' everyday life. They got a better idea of a student's living matters and studies. From visiting these several colleges, the Diati club's purpose was fulfilled for the year.

The club officers were Brian Box, President; Dena Davidson, Vice-President; Sheri Yamanishi, Secretary; and Kelly Kitajima, Treasurer. Mr. Haynes (advisor) and the effort of the officers made it possible for the club members to go to these colleges.

Drama

The Blarney Stone Theater served as home to the drama department. Mr. Till headed the department for the second year, in which time the department has grown astronomically.

Drama produced a number of plays through the year, "Our Town" and "Westside Story" being among them. Drama also participated in other activities, such as a football game against the band, and a servant sale, where students, teachers, and parents were sold to the highest bidder.

Giving A Little T.L.C.

A child care class led by Mrs. Campbell and many of her TA's helped little children with crafts, stories, and playing on the toys. Everyday the children would learn to make such things as Santa Claus bells, puppets, etc. The TA's would make them lunch each day and would tell them a story to go home and tell their parents. This is the first year that the Child Care has been seen in the Yearbook and with the help of Mrs. Campbell, her TA's and these wonderful kids this class will be in the Yearbook more often in the future.

To Ski Or Not To Ski?

The ever adventurous Ski Club was pretty much wrapped up in planning a one day to one week type ski trip for this winter and upcoming holidays such as the trip to Utah and its breathtaking resorts which consisted of Alta, Parkwest, Parkcity, and Sundance. This trip took place over Christmas vacation. During President's Holiday, in February, there was a trip to Bear Valley; and during Easter vacation there was a trip to Colorado. With Mr. Emery in charge and Jenny Waldkirch as president of the club and Cameron Evans as captain of the racing team, the ski club got off to a good start.

Hey, we're ready to hit the slopes.

IN THE HOUSE

Ladies and Gentlemen . . .

House: the community or students in residence. This is how Webster's defines the word House. Some of you folks out there might not think that those House meetin's are just nothin'. Well, you're wrong. The House meetings are a very integral part to the many high school traditions that our dear ole Kennedy values so highly. Without Senior house, there would not be any Senior Skate Night. Without Junior House, no Prom, or Winter formal. And without Freshman and Sophomore House, they'd be pretty bad off. There you have it, the House meetings, "In The House".

CHESS

This year's chess club members could be found spending numerous lunch periods in room 26. Acting supervisor was Mr. Bertoni. Club officers were Tom Kwon, President Dan Cowles, Vice President; and Craig Cummings as Treasurer. Locked in combat, members battled on opposite sides of the chess board to trap the king. Members enhanced their chess knowledge and playing ability by competing with others of equal skill. They also took advantage of the opportunity to play computer chess.

Chess Club Officers

The Check-Mates: Dan Cowles, Craig Cummings, Tom Kwon, Aaron Reddock, Bernie Wang, Scott Ericksin, Tom Lo, Thai Ngo.

Together we'll get it finished.

176 Yearbook.

But, Mr. Maib, We'll get it done.

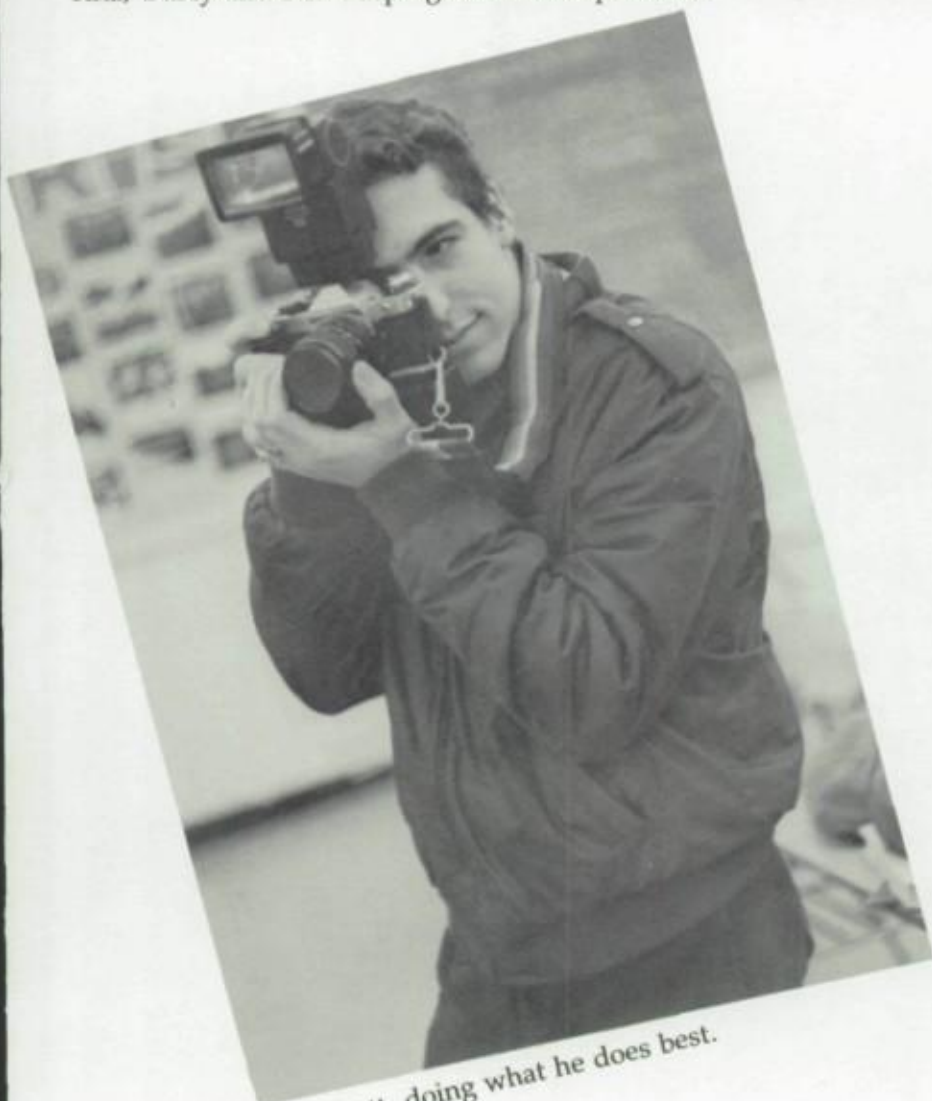

The Seniors

Tina, Darcy and Ken keeping cool under pressure.

There is definitely no place like the Yearbook room (#49) at the nearing of a deadline (D-Day). People are not their normal selves. No one really knows how much hard work it is to be on the Yearbook staff, you must draw a layout, take pictures, write copy, know everyone's name on your page, and when it's all turned in you pray to God it comes out alright. I'm not saying Yearbook isn't all fun because it is, but a lot of hard work too! Leading the adventurous staff this year was Editor, Jenny Waldkirch, Photo Editor, Ken Scott and Advisor, Mr. Bob Maib. Besides all the trials and tribulations over the yearbook, the staff is one big happy family, and it's all wrapped up in a lot of hard work and fun times.

The Yearbook family.

Ken Scott, doing what he does best.

Working for a better tomorrow

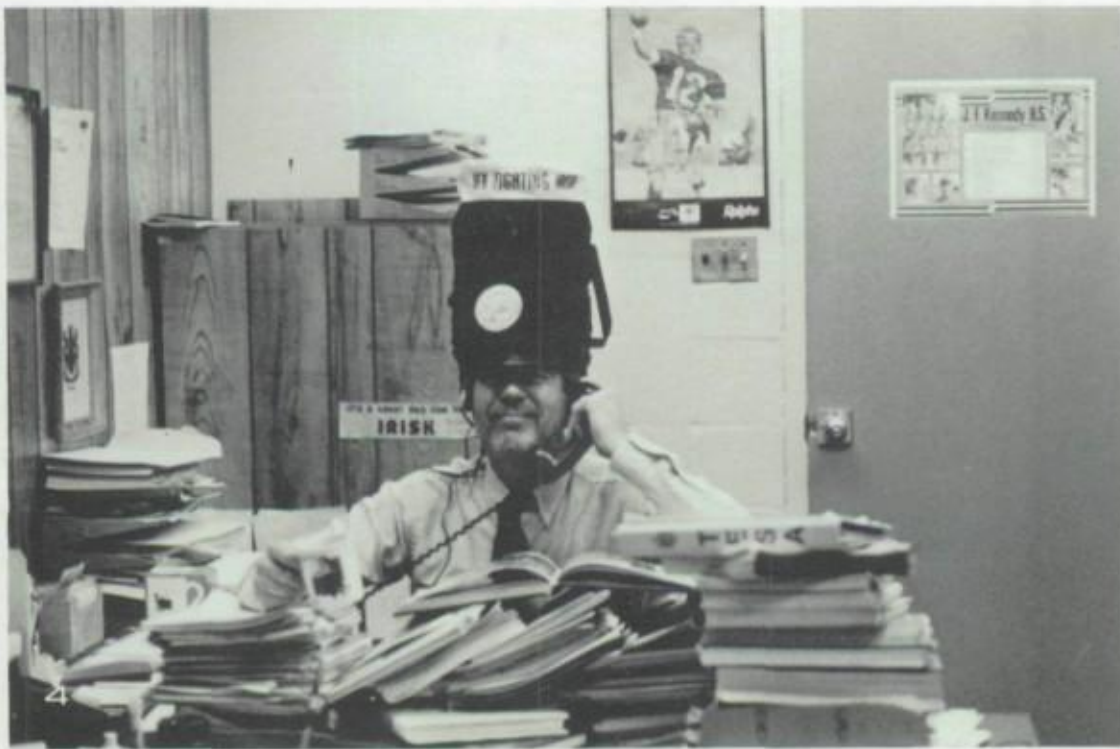

A school year means so many different things to our students. It is the beginning for some, while for others it is the end of a four year experience. Many of our students take full advantage of the opportunities provided by our great high school. Each student makes the decision what type of experience it will be. It can be exciting, enjoyable, fulfilling, educational, and worthwhile.

You have the same opportunities in life! It is my hope that you have taken advantage of the experiences at Kennedy High School to prepare yourself for the exciting future that lies ahead. Everyone at Kennedy wants you to succeed. You will always be a member of the "Fighting Irish" and our hopes and dreams go with you. Good luck!

Guidelines

The people behind the relations. Teachers to students and vice-versa. We're talking about the counselors. The fantastic, indispensable, courteous, friendly, and professional counselors. Ms. Jordan, Mr. Driscoll, Mr. Fox, and Mr. Weist have helped and guided our students successfully toward graduation and post-graduate study. Mr. Lee and Mr. Mayberry have also aided in introducing the students with the real world by offering Work Experience and ROP courses.

1. Ms. Jordan and Ms. Kreitz enjoy each others company during lunch. 2. Just as Mr. Mayberry thought he going to get away clean . . . 3. Things That Last Forever

The 1985-86 English Department did a great job in supporting their students this year. Teachers worked hard to prepare their students for the proficiency tests needed for graduation. Our English teachers really put forth a great effort into helping us do our best. The History Department studied cultures, agriculture, climate, religion, and different life styles around the world. Students also learned how the government operates. our Government, History, and Social Studies classes made learning fun-filled and interesting.

In this years Science and Math Department, students were learning to go farther in the math and science field. The students here at Kennedy were offered in the science classes Biology, Chemistry, Oceanography and Life Science etc. . . .

In the math classes the teachers taught the students Algebra, Pre-Algebra, Geometry, Consumer mathematics, Trigonometry and many more. With the help of these math and science teachers, the students who leave to go in the future will have a good knowledge of these two subjects.

In Appreciation To . . .

The Physical Education Department didn't just teach how to clean your fingernails and comb your hair, it gave the students here at Kennedy the opportunity to get involved in such sports as Basketball, Baseball, Volleyball, and Weightlifting.

The Health and Drivers Education classes were also devoting their time to teaching students about C.P.R., Drug Abuse, and the disadvantages of drinking while driving.

The Special Education Department also gave their time and effort in helping those students who needed a little more help than others. You could say this is not just a class it's an adventure.

Getting Down To Business

The Business Department has been a valuable help to Kennedy students. The Business teachers taught accounting, typing, model office and shorthand. With this knowledge, our students will go far in working in the future.

In the Photo classes Mr. Maib teaches his students to develop and print pictures as well as learning to use the camera.

One of the big events in Fine Arts was using plaster over each person's face and with that making a mask or creature etc.

The Foreign Language classes have also helped in teaching students different languages which will help them a great deal in life.

Working 9 to 5.

This year 85-86 was a great year because, the school had such wonderful secretaries and Aids. They're always there to help out when a student needs a readmitt etc.

Now it makes it a little easier for the secretaries because they have adopted a new computer, his name is Ben. Ben helps out the Attendance Clerks by calling home to a students house if it is not known where the student is. Let's give a hand for the secretaries and Aids for their valuable time and effort.

Clean Sweep

The custodial and cafeteria staffs are the miracle workers who keep the school on its feet. The true backbone of the school, since the, behind the scenes workers are the ones who help make the system run so smoothly.

The custodians work late hours keeping the classrooms and grounds clean. These euthenists ensure that the JFK campus will never become a quagmire of filth stench and decay.

The cafeteria staff also works hard, preparing food each day before school and at lunch. With many students depending on them, they make sure that the cafeteria is ready for the maddening throng. After the thundering herd is through, the staff spruces up for the next day.

All of these dedicated workers put pride in their work and deserve our utmost respect and recognition.

Wrapped Up

In The Beat

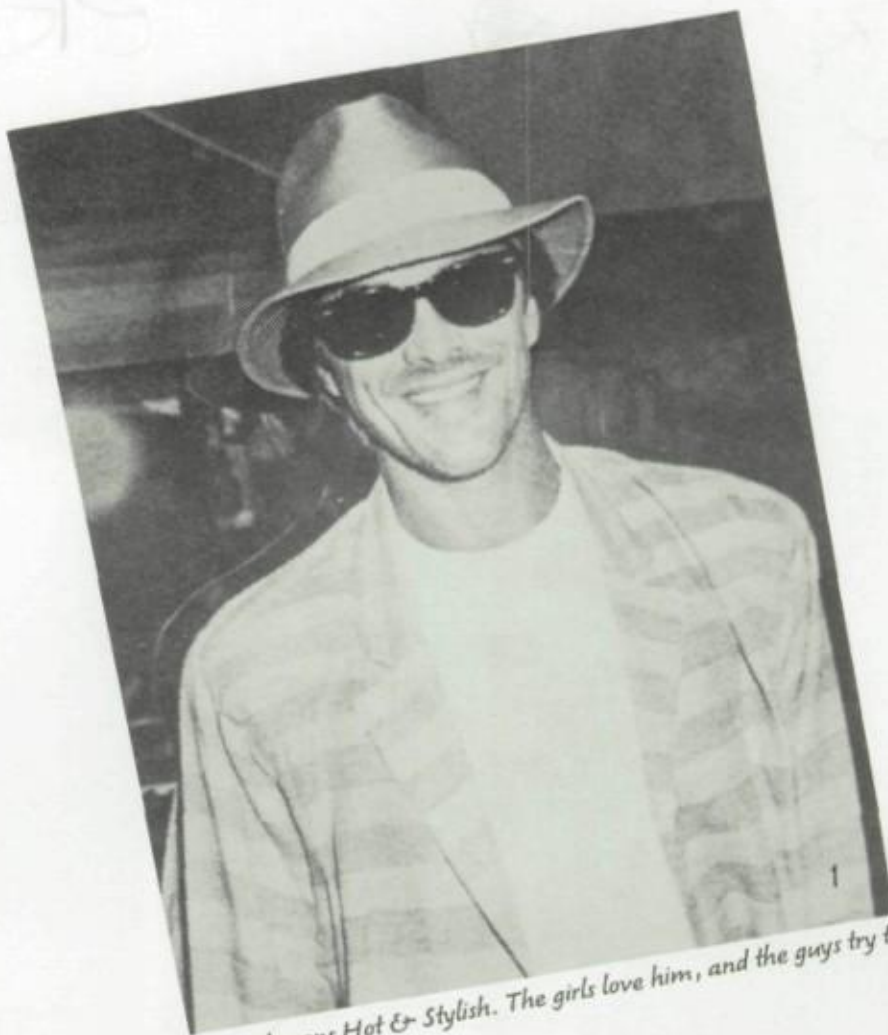

Music is and will always be a part of American life. You must admit, teen-idolizing is really how most of us get into music and musicians. If this weren't so, why would there be so many Madonna-wanna bes? Music surely influences the way certain people dress, act, or think. It sets the fad and sets the pace. Music is positively the thing everybody loves, for it even saves the lives of millions!

1. Pete Burns of Dead or Alive made it to the top his own way. 2. Wake up to the Alarm, they'll be ringing in your head all day. 3. The Cure is there even in "In Between Days." 4. Rock and roll's bad boys — Motley Crue. 5. She may have an impressive lineage, but she isn't known as someone's daughter, but as Whitney Houston. 6. It's not any old mode. It's the Depeche Mode! 7. Scritti Pollitti? Don't worry I don't understand either. 8. Wham! "Make It Big" as the first major pop group ever to play in China. 9. Five Star is not another Jackson Five. 10. Arcadia's brunette bombshells — Roger Taylor, Simon Le Bon, and Nick Rhodes. 11. What does Madonna Wannabe? "Like a Virgin"? Fat Chance! 12. Exotic looking, Nigerian born, Sade reached the top with her LP "Diamond Life." 13. "It takes a stubborn Irishman to pull off something like Live Aid," Bono says about Bob Geldof. 14. "Things Can Only Get Better" with Howard Jones. 15. Big Audio Dynamite is BAD. 16. After "Hunting High and Low," Hmm! Ho! Hee! A-ha!! Norway's A-ha conquered the U.S. and worldwide charts with their smashing success. 17. Tears for Fears "Shout" a little louder. 18. Thompson Twins would give being "King For a Day" all away. Would you? 19. Paul King doesn't have to worry about anything, as "Love and Pride" can go no higher on the charts.

Stars Of Our Time

This years all-star cast seemed to be full of cheer and pizzazz. In the sports area we have the Hulkster who has proven to be one of America's finest wrestling athletes. Also we had the Chicago Bears, who shocked the sport's world with their Super Bowl victory. Hitting the headlines again was the likes of the Cosby Show. Movies proved to be popular this year also, with the likes of Rambo and Rocky IV. Also hitting the headlines was one of movies most beautiful actresses, Lisa Hartman. Don Johnson also proved to be the ladies man of the eighties. 85-86 has seen a very exciting year of people . . .

Don Johnsons Hot & Stylish. The girls love him, and the guys try to imitate him.

Lisa Monet, One of time's cutest actresses.

The Cosby Show is still widely watched by T.V. Viewers.

One of America's unforgettable actors, Rock Hudson, dies of A.I.D.S.

Wrapped Up In Events

The year 1985-86 was one of many events. Hunger was still at the top of everyone's list. During the past summer, Live Aid took place, the largest gathering of musical talent that spanned the globe. It raised millions for famine relief. President Reagan had a historical summit meeting in Geneva with Soviet leader Gorbachev. It was also the year for the reappearance of Halley's Comet. Although it sounds like 85-86 was a good year, with the good comes the bad. A tremendous earthquake shook Mexico, devastating the country and killing thousands. There was also a volcanic explosion down south Colombia. This wiped out many small towns and also killed thousands. American tourists were not safe anywhere abroad. First was the hijacking of TWA flight 847. Then came the hijacking of the ocean cruiser, ACHILLE LAURO. Both of these ended in the deaths of two Americans. There was another great loss suffered by America. The space shuttle Challenger exploded in mid-air, killing all seven astronauts aboard, one of who was the first civilian in space, Krista McAuliffe. Tragedy has struck the home-front hard, but America will keep forging towards a bigger and brighter future.

SHUTTLE DISASTER

Reagan expresses his condolences.

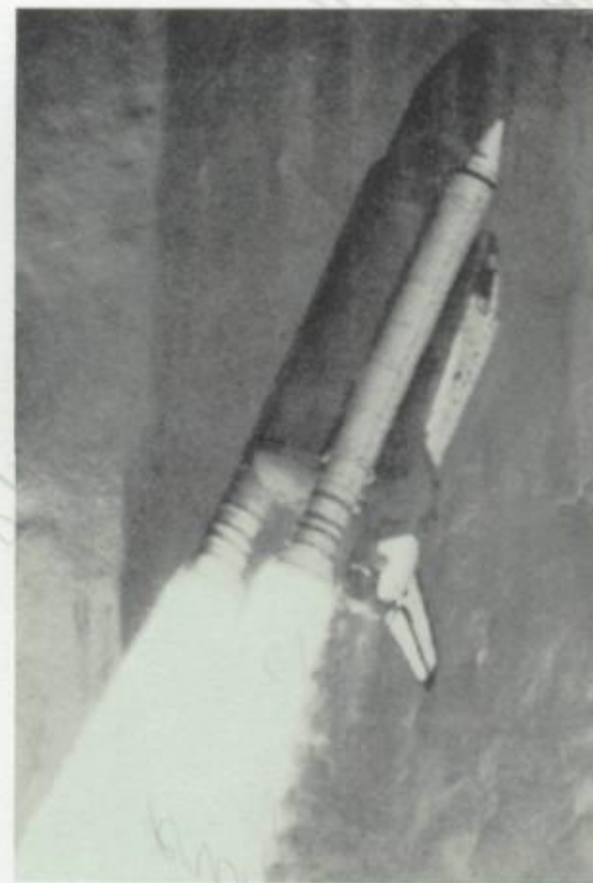

A chunk of the shuttle is recovered.

The crew of the Space Shuttle Challenger.

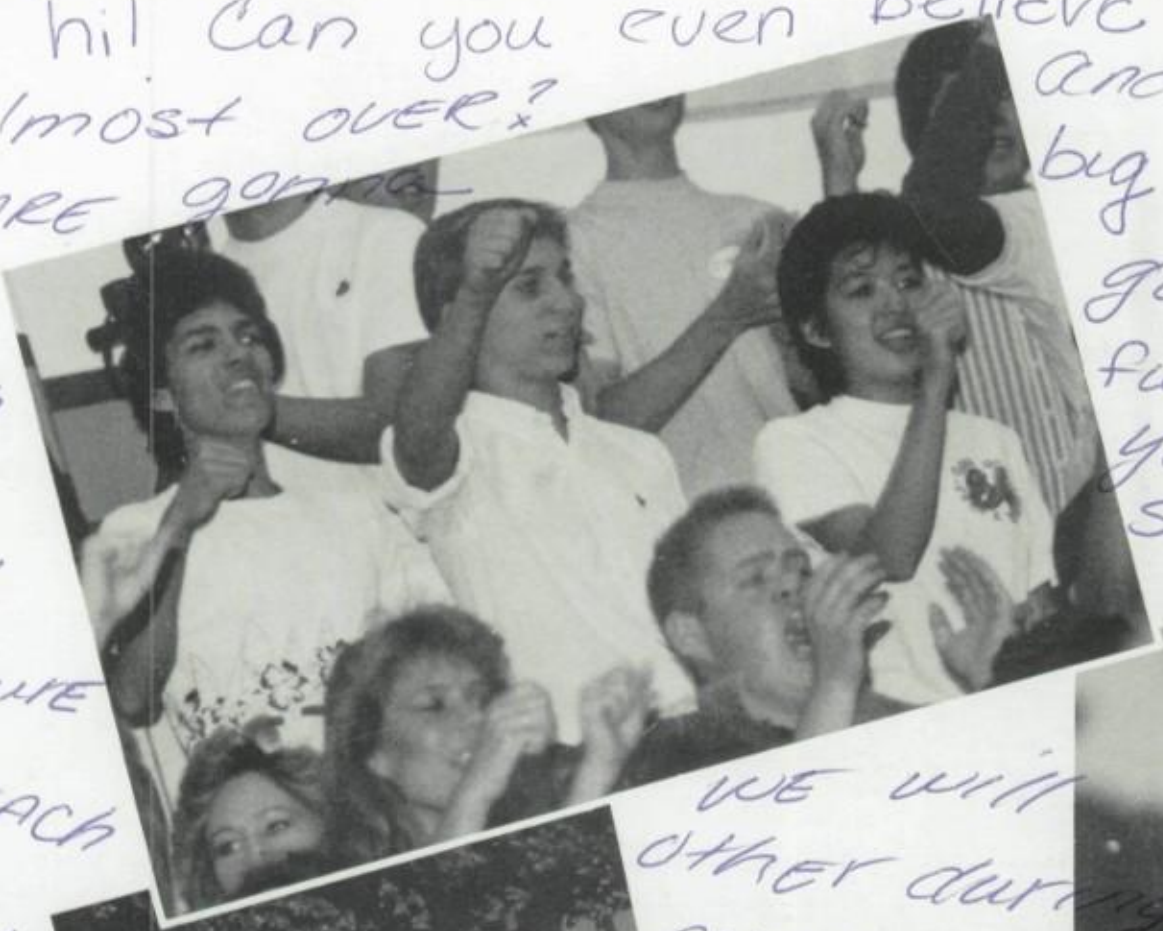

On a beautiful sunny day, millions of people watched with anticipation as the twenty-fifth space shuttle mission, Challenger was to be launched. Aboard the shuttle were astronauts of a special kind. They included people of every race, color, and creed. This mission was unique in that it would include the first civilian in space, a teacher. Christa McAuliffe, Francis Scobee, Judith Resnik, Ronald McNair, Michael Smith, Ellison Onizuka, and Gregory Jarvis were explorers for humanity. They had a hunger to investigate the universe and discover its truths. They trained painstakingly for their mission in hopes that they would accomplish the seemingly impossible. Dedicated in her efforts, Christa McAuliffe was a representative of all ordinary people. She wanted to discover the mysteries of space, and teach them to her children. The month of training came to a climax as the day for liftoff arrived. The people watching across the nation prepared to cheer as the takeoff got underway, but their cheers turned into silent stares as they watched the explosion in a state of shock. January 28, 1986 would be held in memorium and a place in our hearts set aside for Americans, who were a part of the Challenger crew.

John Christensen kicks it in P-8.

In Memory of . . .

In 1969, Mr. Paul Driscoll arrived at Kennedy High School. He was to become not only a respected counselor, but a friend both to colleagues and students. Mr. John Hangarther who has worked with Mr. Driscoll for seventeen years said, "As a counselor, Mr. Driscoll was totally dedicated to helping young people with their problems, educational plans, and future careers. As a colleague, he was sincere, conscientious, and had a great sense of integrity. He had a fine relationship with his fellow workers, and was a true professional in every sense of the word. Paul was also a fine family man who provided for the best for all of them. He gave of himself to all who knew him."

Paul M. Driscoll began his early career as a junior high school instructor in Michigan, 1957. Then he proceeded to high school teaching in the field of Adult Education Psychology. Anaheim High School District was the backbone of his career at which he has settled in for 23 years; 17 of those, he has spent at Kennedy.

Along with his expertise in counseling, Paul Driscoll found a liking in salesmanship and management. At nearby Knott's Berry Farm, Mr. Driscoll managed the "Bob's Men Shop" in the evenings for 18 years. Though as busy as his work schedule seemed, Paul Driscoll was always there for his wife, Betty, and his 2 children, Brad and Beth Ann. All in all, Paul Driscoll was definitely a fine family man. He loved his family with all he's ever had and he's always placed them in front of anything else.

During the last week of January through the first days of February, Paul Driscoll was hospitalized for Hepatitis, an inflammation of the liver. Then on February 6th, 1986, Paul Driscoll died at the Placentia Linda Hospital from his recurring illness, at the age of 51. His death was a shock to all; friends, family, colleagues, and especially to the students who weren't very informed of this illness that he had had. A very beloved counselor had passed away; Paul Driscoll will be dearly missed and remembered by all.

Paul M. Driscoll

Robert Tito Sanchez

ALL THE FUN AND GAMES HAVE BEEN PRETTY STYLIN'. JUST REMEMBER . . . "IF YOU LOOK HARD ENOUGH, YOU'LL ALWAYS FIND THE SOFT SPOT IN EVERYONE." YES! (HEY YOU, GET OFF ME!)

Andrew A. Uy

The Ultimate Guy

My brother, Dave has been a big influence on my life at Kennedy. He is the nicest and best brother anyone could ask for. He is always there when I need him and he is always willing to do things for me. I look up to him as a big brother and if it was not for him I probably wouldn't be where I am today.

Love, John

There is no way I could tell you all about Dave and the rest of the B.B.'z. good times in such a short space. Dave is a lot of fun to be with. He likes to do things at the spur of the moment. Dave is a good athlete and also shows great leadership abilities, I'm sure that he will be around long after high school years. Take care Dave — love you bro. (Darrin)

Dave, you have been a great friend. I thank you so much for being there when I needed you, and even when I didn't. We have had exciting times to say the least, at Kennedy and the good times continue. I'll always remember the many crazy times we've shared like the intermission of the play, racing across the field, or getting stranded in Anaheim. We'll have to climb some more mountains and crash in on the New Years parties or just cruise around and talk. Some special times have passed and I'm sure we'll be sharing more. F/F Joey

Dave C., I would have to say I've seen him in every kind of situation. Dave is the kind of friend you can always count on. He's always there when you need him. He always makes the best of everything. If I had to sum

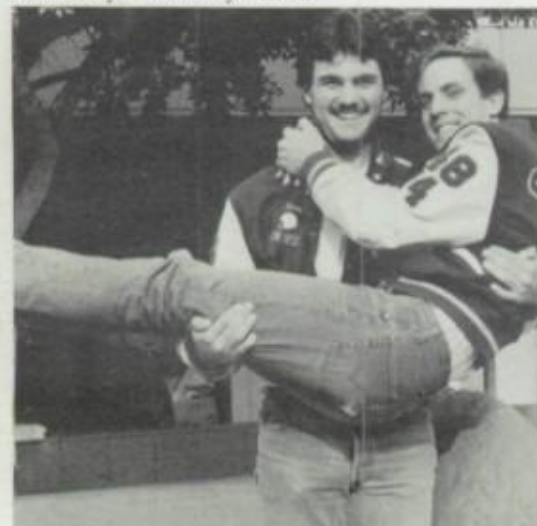

Dave up in just one word, I'd have to say just plain old "TERRIFIC!" Chris

I could write a novel about the memories Dave Christensen, our friends, and I have shared. Dave came to this school his sophomore year and we got introduced. From then on we were great friends. He is about the nicest friend anyone can have. He is in our best friends group we call the B.B.'z. His nickname is DRNKN. He is a great all-around guy, good athlete, friend and person. He's the type of guy every person's mom wants around. I know Dave and I will be friends long after high school. I know Dave is going to go far in his future and I wish him the best of luck. Dave my bros. — Love Ya, Bill

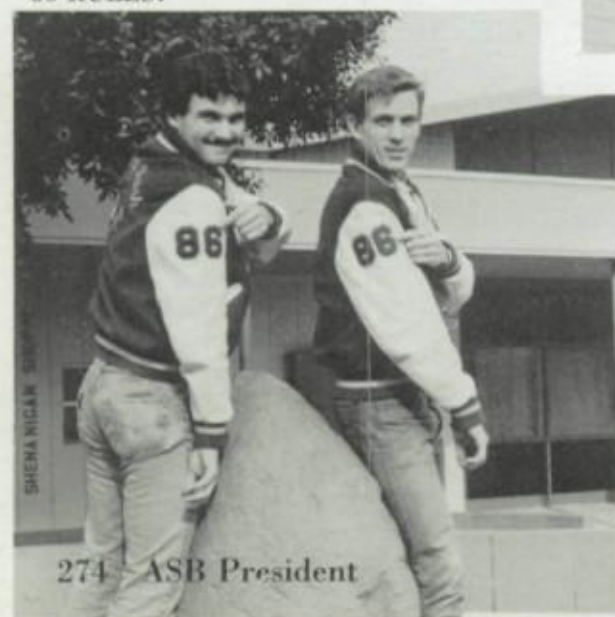

B.B.'z after a normal "scarf" at McD's.

I'd carry Dave anywhere.

A Material Girl

She loves McDonalds, pink moose, Corona's, M.T.V., Chad and me. She worries me, makes me laugh, gets me angry, makes me proud, and I love her for all these things . . . She's my Jenny. Mom.

Jen, What can I say . . . we have many great times & memories. Remember 7th grade that long haired hippy and the chubby green haired girl? That was you and me — babe! Few years past and we became very close. I don't think my high school life would be as happenin' without you. Remember that party we just vegged out by the amp — we were zonein'. Oh how about our great 4th of July in Indio, or the nite we slept in your Jimmy, what about Hollywood with Tracie, ("Are we still in Hwd.?""). Those were some great moments and I'll

never forget you! TL Crew! Luv Ya Lotz, Tina

From the day I met Jennifer I knew she was destined to be the editor of the Eternal Flame. She had all of the prerequisites that were needed; intelligence, artistic ability and eagerness to work hard. Well, two of the three isn't bad. We began the year and Jen seemed to work hard — when she was here. We made our deadlines for the color and now it's on to the B/W pages. Jen likes to go off campus for lunch and attend classes when convenient. I sure hope we get our book on time. Maib

Jenny, whom I call Jen-Dog, and I have had a lot of great memories in the past 2 years. She has been a best friend to me, and we've been each others counselors through

the good and bad times! Whether it was complaining about school or guys or DWI in "Jens Jim", we've always seemed to have rad times! Though graduation approaches, and we will go our separate ways, I know that our friendship will last forever. Renny — I luv ya! Ski Bums, River Rats, TL Crew! "Are we still in Hollywood?" Coronas! F/F Tracie.

A shoulder to cry on; A wrist to bend, Money to borrow; Clothes to lend, Friday nite movies, Afternoon walks, Being together, Our private talks, Mending our hearts, Crying those tears, Planning our futures, Telling our fears Our memories together, May they never end, "Always Together; Forever Friends" Love Ya! Best Buds, Gina

Jen and Chad.

Prom 1985

That's what these 2 do best.

River Trips.

Get into the groove Jen

Mother like daughter.

Get back to work!

Should we take our picture?
